Company Profile

Xiamen Luz Opto Electronic Technologies Co., Ltd., established in 2009, is a professional engaged in the research, development, sale and service of L E D light boxes, L E D panels, L E D neon signs, L E D letter signs and other L E D signs. We have rich experience in the line of L E D retail display. We are located in Xiamen with convenient transportation access. We have obtained U L, E T L, C E, ROHS certificates. Dedicated to strict quality control and thoughtful customer service, our experienced staff members are always available to discuss your requirements and ensure full customer satisfaction. With export license, we exported our products mainly to clients in North America, Europe, the Middle East, Australia and other foreign markets. We also welcome O E M and O D M orders. Besides, we are making great efforts to develop new products to meet different requirements. Whether selecting a current product from our catalog or seeking engineering assistance for your application, you can talk to our customer service center about your sourcing requirements. Adhering to the business principle of mutual benefits, we have had a reliable reputation among our customers because of our professional services, quality products and competitive prices. If you have any new ideas or concepts for the products, feel free to contact us.

The main products are as below

- ALUMINIUM SNAP FRAME LED LIGHT BOX
- FRAMELESS FABRIC LED LIGHT BOX
- Led panel for display rack
- Led Neon sign
